HAFCO Professional Series Toolboxes

The HAFCO Professional Series toolbox, hutch and roller cabinets are absolutely huge and range from 56 inches to a whopping 72 inches in size. Beautifully finished and packed with all the usual features you'd expect from any high-end product. The soft push-to-close drawers and full-length under-drawer opening tabs make using each drawer from any position a joy, with the larger drawers sporting dual ball-bearing slides for extra strength.

HAFCO Professional Series Mobile Work Station

The Mobile Work Station is the ultimate solution for anyone with limited space, such as a small workshop or home garage. The perfect answer for those who need all their tools and a bench to transition from job to job within one workshop.

- Gloss Nardo Grey finish
- Hard wearing wooden bench top 1150 x 740 x 30mm (WxDxH)
- Maximise storage with adjustable shelving and racks
- Ball bearing slides, drawer latches & anti-slip foam liners on all drawers
- Dual slides on larger drawers for extra weight

HAFCO Modular Tooling Cabinets ITC-1, ITC-4, ITC-5, ITC-6

The HAFCO Modular Tooling Cabinets differ from the Industrial tooling cabinets in size only. The Modular series cabinets are all the same size, allowing them to stack together and create a flat top surface, perfect for a workbench. The trolley and kickboard kits are also the same height. Adding the trolley kit allows you to wheel the cabinet out from underneath the benchtop, should you require a mobile solution. Create the most efficient space possible by choosing a single cupboard or a 4, 5, or 6 drawer cabinet.
